EDUCATION

2022-2023 • **Web Development**
Technigo

A 24-week fast-paced remote Boot Camp, focusing on JavaScript (ES6), React, HTML5, CSS and server-side programming with Node.js. We worked with Agile methodology through weekly sprint planning, check-ins, demos and reflections. Mob-programming and pair-programming made up a significant part of the course.*

2015-2019 • **Bachelor degree in Preschool education**
Malmö University

2010-2013 • **Media Production**
Mediegymnasiet

Major in Graphic Design

WORK EXPERIENCE

2023- • **Frontend developer and Designer**
Freelance

Working on a project for Synthax AB where I am building and designing their website.

- Logo Design (Adobe AI)
- Website Prototype / wireframes (Adobe XD)
- Website (Next.js, TypeScript)

2019-2022 • **Preschool Teacher**

In my role as a preschool teacher, I have developed leadership skills as I have taken the "project leader"-role in many projects; both large and small groups, for both adults and children. I have learned to work under stress, always contribute to a positive atmosphere and to think outside the box.
